

## Pool / Water Hazards Daily Safety Check

Educators should check if the swimming pool, water hazard or water feature will be accessible to children attending the education and care service. This is not an exhaustive list of checks to be undertaken.

If an issue cannot be rectified immediately, the educator should contact the approved provider and ensure that every reasonable precaution is taken to protect children being educated and cared for by the service from harm and hazard likely to cause injury (as required under section 167 of the Education and Care Services National Law).

Week Beginning: \_\_\_\_\_

Gates and Safety Barriers							
All pool fence panels are in place and securely attached ( no rusted, loose or missing screws)							
Pool fence has no gaps or holes more than 100mm							
The gap between the gate and the ground is less than 100mm							
The gate swings back to the closed position after being opened							
The latch in good working order							
Resuscitation Sign is displayed							
Around the Swimming Pool / Water Hazard							
Pool aids and toys been removed from the pool and stored securely out of reach and view of children							
There is no climbable objects within 900mm of the pool fence (i.e., chairs, ladders, trees, pot plants barbeques)							
Trees or shrubs are trimmed so children can't use them to climb into the pool or water area							
There are no 'climbable' objects inside the pool area within 300mm of the fence							
Mon	Tues	Wed	Thurs	Fri	Sat	Sun
